

RIOT OCCURRED IN THE QUAKER CITY

Mob of 25,000 Strikers and Sympathizers Dispersed After Fight With Philadelphia Policemen

Many Heads Were Cracked by the Bluecoats Who Succeeded in Keeping the Upper Hand--- Newspaper Reporters Placed Under Arrest.

Philadelphia, March 11.—A riot that lasted for two hours and covered three miles of territory occurred late yesterday afternoon when the Philadelphia police attempted to disperse twenty-five thousand strikers and strike sympathizers who were attempting to hold an open-air mass meeting in the National league baseball park, although ordered not to by Director Clay.

A squad of "Brownies"—emergency policemen in civilian clothing and with long clubs concealed beneath their overcoats—were hurried into the back of the crowd. Men, women and even children were injured in the mix-up.

When the first charge of the strong-armed "Brownies" had spent itself there were 14 unconscious persons picked up in the Broadstreet block in front of the ball park.

The crowd, made-up of men, women and children, tried to get away from the police, who were there, 1,500 strong, but it was so big that it could not get out of its own way. Then it fought back.

Several policemen were seized and disarmed. In retaliation their muzzled rifles were pointed at the crowd, which cut a wide lane through the struggling mass of people and left more injured in its wake.

The regulars as well as the "Brownies" began to use their clubs, and a still greater uproar followed.

Broad street, for three blocks south of the ball park, was a solid mass of shouting, battling citizens and bluecoats. The latter, though outnumbered nearly 20 to 1, succeeded after an hour's hot work in clearing the driveway and jamming the crowd upon the sidewalk and into the cross streets.

A volley of shots in the air finally turned the tide of battle. The asphalt, when it was over was littered with hundreds of hats, women's as well as men's, coats, broken umbrellas and even shoes.

But that was only the first of the affair. As soon as hostilities ceased in the skirmish a shout of "Down to the City Hall" came from the ranks of strikers and sympathizers. In rapidly formed companies the crowd began to move southward.

The police telephoned a message to the City Hall that a big attack might be attempted and that Director Clay and Superintendent Taylor had been ordered to get ready.

Just at this moment a motor automobile carrying a couple of policemen reached the scene. Some one threw a brick at the occupants and it struck Patrolman William Ryan on the side of the head and knocked him completely off the machine, unconscious.

Then the crowd moved on, still having great fun behind by the force of policemen, which had followed it from the ball park.

At Columbia avenue, two blocks further south, another car was seized.

Five newspaper reporters who came down Broad street in an automobile ahead of the crowd were forced to get out of the car and were held in the street. They have been freed, according with report since the strike, and the Assistant Chief of Police took away their credentials and denied them a room in the City Hall pending a disposition of their cases. They were later released on \$1,000 bail.

Besides the possession of City Hall the police arranged to make for a prompt breaking up of the march and when the leaders of the crowd reached Ridge avenue, a mile from the City Hall, they found a line of policemen stretched across the wide thoroughfare. Police Superintendent Taylor was in charge.

The crowd was ordered to halt, but the leaders were pressed by those in the rear and a mix-up occurred. All those who failed to turn off Broad street or did not promptly obey the police were helped along with their sticks.

Matters looked serious for a few minutes, but the police soon had the

upper hand, and turned a great part of the crowd into the side streets. Many got through the line, however, and continued their parade down the street.

One square below the Boys' High school the remnant of the crowd that got past Ridge avenue encountered a second line of police. There was no ceremony in breaking up the crowd, and those that did not turn into side streets were clubbed.

The parade here was practically broken up, and less than 100 reached City Hall, which was apparently the objective point of the mob, which started the march two and a half miles north of that building.

Philadelphia, March 11.—How to end Philadelphia's strike which has literally paralyzed business in this city was the object of a great mass meeting of representatives of every civic organization in the city, which was held this afternoon.

Participants are eagerly awaiting the return from Florida Wednesday of state Senator McNichol, who, as leader of the municipal political machine can do more than any other man to end the strike if he will enter the controversy.

New Castle, March 11.—A telegram demanding that the Philadelphia strike be submitted at once to arbitration, and that the mayor seek to use his official influence towards that end, was sent to Mayor Reppuhn at Philadelphia by the resolutions committee of the state Federation of Labor.

KILLED BY FALLING SLATE

Philadelphia, March 11.—Joe Perry, 27, a bricklayer, was killed today when a slate fell from the roof of a building while he was working on it. His body was found in the street.

SELL COWS FOR BEEF: NO MILK

Hot Springs, Ark., March 11.—Eastern Kansas, the dairy section of this state, which has in the past supplied many cities with milk, is now unable to fill the orders except for about 70 per cent of the supply called for. The reason is that the price of beef has soared to where the dairymen have found it profitable to sell their milk cattle for beef.

TEACHER SETS BROKEN WRIST

Tomb, O., March 11.—Herbert, the young son of Mr. and Mrs. J. S. Herbert, of Route No. 1, met with a severe injury to his right wrist while playing with a ball.

NEWARK'S RECORD BREAKING SNOW

This is the reproduction of a photograph taken by Captain F. G. Stone, when one great snow storm, the heaviest snow that has fallen here in years. The camera was stationed at the corner of 14th and Main streets, pointing towards the north.

MILLIONS IN BANK VAULT

Cleveland, March 11.—When the Savings Bank today opened its vaults for business, it was found that it contained more than \$10,000,000 in gold and silver coin and government notes. The bank's deposits have been almost completely depleted and there were only about \$200,000 left in the vault. All demands since the run started have been paid in full.

OFFER REWARD.
Cleveland, March 11.—The Society for Savings today offered a reward of \$100 for information leading to the apprehension of the person or persons responsible for the circulation of these rumors which are alleged to have caused the two days' run on the bank.

DETECTIVES WHO BEAT UP POPULAR YOUNG FARMER THREATENED WITH LYNCHING.

Sleuths Were Bound Over to Grand Jury and Advised to Leave the City.

Upper Sandusky, O., March 11.—Two Rose law detectives, Jerome Hostetter and Frank Kling, engaged by the county prosecutor, and who have been making themselves obnoxious by searching various business houses other than those conducting soft drink establishments and stopping citizens with suit cases whom they claim to suspect of bootlegging, came very near being lynched here last night and for a time were in great danger. Crowds swarmed the streets for hours and the liquor detectives have been advised to leave the city and will probably be replaced by others.

Thursday afternoon the detectives attempted to search the suit case of Albert Smith, whom they accused of bootlegging, but why they should do so is a mystery, as Smith is one of the wealthiest young farmers in the county and comes of one of the oldest families in the state, whose members have always stood in the highest esteem. The fact that the crowd sought to rebuke the detectives, who badly beat up Mr. Smith, is an evidence of the latter's standing in the community in which he has resided all his life.

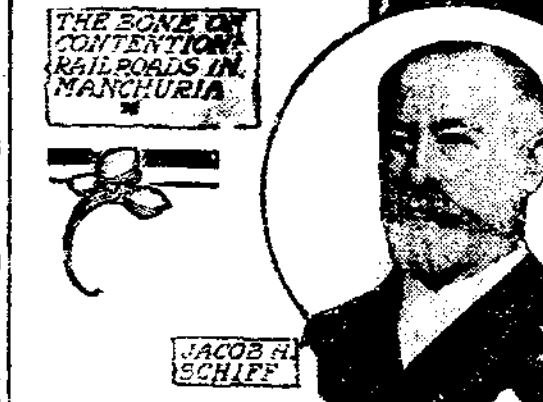

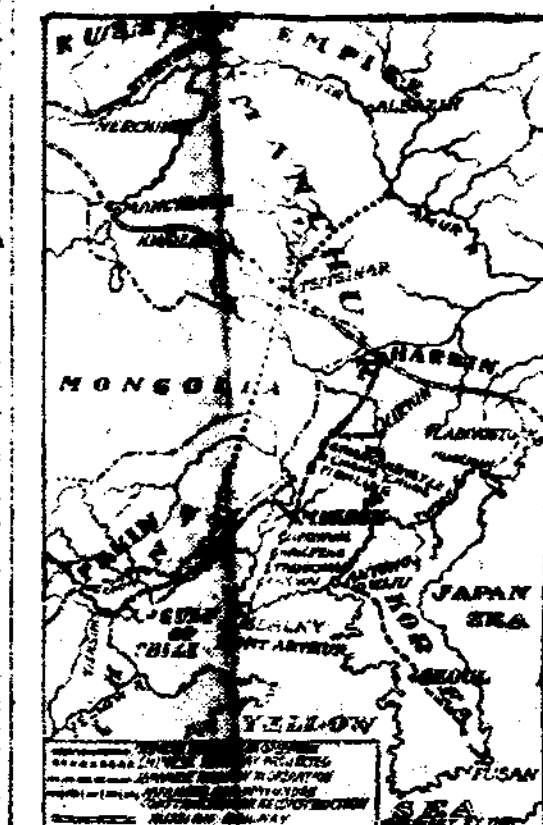

The detectives were arrested on the charge of assault with intent to kill and a mob of several hundred, armed, which attacked them as they were being taken to police court. One of them was struck in the face and immediately drew a revolver, which caused the mob to fall back.

The detectives were bound over to the grand jury and were released on bail. Feeling is running high in this community and it is feared that there may yet be trouble over the outcome.

MEN DRIVEN FROM MINE

Atlanta, March 11.—Striking black miners here were driven from the mine today by a mob of white men. The miners were armed with clubs and stones, but the mob was too strong for them. Two miners were injured.

SITUATION IN MANCHURIA UNDER CLOSE WATCH BY OFFICIALS

JACOB H. SCHIFF

Washington, March 11.—Although it is common in official quarters that there is any prospect of serious disagreement with Japan over the question of Manchuria, despite the vigorous warning of a great commercial struggle in the far east delivered by Jacob H. Schiff, the New York banker, a few days ago, it is known that the matter of our commercial rights in Manchuria is giving grave concern to the government. In plain terms it is asserted that Japan and Russia have reached an agreement to shut other nations out of Manchuria and to impair Chinese rights in that great province without regard to the open door principle formulated by Secretary Hay and agreed to by the powers. The rejection by Japan and Russia of Secretary Knox's proposal that China construct a railroad across Manchuria in order to develop that country for foreign trade is considered evidence of an understanding between the two powers reached, of course, since their recent great war. Some year ago we sent to Manchuria cotton goods alone to the value of \$10,000,000 annually.

ZANESVILLE PAYMASTER MURDERED

Zanesville, March 11.—A man named Zanesville was murdered today by a mob of several hundred. The victim was a prominent citizen and was shot in the back of the head. The mob was armed with clubs and stones, and the murder was a shocking event in the community.

Police have been called to the scene and are investigating the murder. The mob was dispersed, but the police are still looking for the perpetrators.

The police have been called to the scene and are investigating the murder. The mob was dispersed, but the police are still looking for the perpetrators.

TELEPHONE MERGER BILL WILL MEET GOVERNOR'S VETO

Columbus, O., March 11.—The bill for the consolidation of the telephone companies in Ohio, which was passed by the legislature, will meet the governor's veto. The governor has expressed his opposition to the bill, citing various reasons.

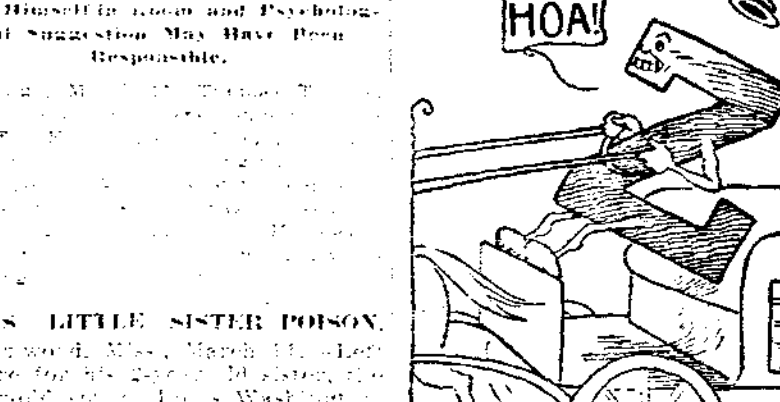

Baron Uchida, Japanese ambassador to the United States, is shown in the center of the composite image. He is surrounded by other men, including Secretary Knox, who is shown in a smaller portrait to the right.

WILL OPEN THE MILL

Glens Falls, N. Y., March 11.—Preparation for reopening the mill of the International Paper company in the face of the riot among the striking mill men in the past 21 hours, were completed today when Company K, of the Second regiment was posted on guard about the company. Strikers under a heavy military guard will be brought in from Saratoga tonight.

WHAT IS IT?

ACTOR HUNG HIMSELF IN ROOM AND PSYCHOLOGICAL SUGGESTION MAY HAVE BEEN RESPONSIBLE.

Chicago, March 11.—A man named [Name] hung himself in a room today. The man was a well-known actor and was found dead in his room. The police are investigating the case and believe that psychological suggestion may have been responsible for the suicide.

The police are still looking for the perpetrators of the murder. The mob was dispersed, but the police are still looking for the perpetrators.

ROOSEVELT IS SILENT AS A CLAM

Has Nothing to Say Publicly Regarding American Politics

HUNTING TRIP FINISHED

Over 13,000 Specimens for Institute and Museums—Party in Good Health.

(By Staff Correspondent of the United Press).

Reuk, Soudan, March 11.—Col. Theo. Roosevelt has absolutely nothing to say publicly regarding politics. The "insurgent move," the new tariff, the Ballinger-Pinchot controversy and the alleged graft investigation at Albany, N. Y., might as well not exist as far as getting an expression from him goes.

The ex-president, looking as brown and hard as a prize fighter in training, arrived here today aboard the steamer Dal and immediately encountered a group of American newspaper correspondents who had come to Reuk aboard the Abbas, a specially chartered boat. The Colonel greeted them with characteristic enthusiasm, all of them being his personal friends. But if the correspondents thought that by reason of their friendship the Colonel might "loosen up" a bit they suffered a keen disappointment for as forecasted by all the U. P. dispatches, Mr. Roosevelt absolutely refused to comment on American politics. It was the ex-president who did the questioning and the correspondents who answered the questions. He proved a greedy listener and simply "ate up" everything the correspondents had to tell, but never once did he let slip even a bit of comment that proved the least illuminating. The Colonel's "guard" was simply impregnable.

The Colonel and Kermit are in perfect health, but Cunningham, Loring, Heller and Mearns, the other official members of the party, showed the effect of recent slight fevers. They are all right now, but had clearly not withstood the rigors of the African hunt as well as the distinguished head of the party.

The moment the Colonel sighted the correspondents' boat from the deck of the Dal, he sent a small boat out to bring the newspaper men aboard his own vessel. As proof of the activities of the expedition in its nine months of hunting in the jungles, the party is returning with 13,000 specimens for the Smithsonian institute, the American Museum of Natural History, and other American museums. These are in addition to several thousand specimens already sent to America.

Among the specimens is the first whole skin of the giant eland ever obtained. Mr. Roosevelt plans to spend eight days on the Nile, and then to go to Cairo. He will sail for Naples April 1. A number of sight-seeing trips will be made out of Naples and then successive trips made to Rome, Vienna and Budapest. He will arrive in Paris, according to the present schedule, on April 23. A day each will be spent in Belgium, Holland and Christiania, and then the visit made to Berlin, where he will arrive May 20.

From Berlin Mr. Roosevelt will go direct to London, reaching there May 10. He will appear at Oxford University May 18 and plans to reach America June 20.

Despite the expectations that his European tour will make the Colonel look forward to it with keen anticipation. He expressed himself as pleased over the coming marriage of his son, Theodore, Jr., to Miss Alexander of New York, which he understands will take place shortly after his return to New York.

NEGRO ASSAILANT CONVICTED.

Kansas City, March 11.—William Jackson, the negro janitor charged with attacking a young white girl, was convicted in criminal court here yesterday afternoon and sentenced to 99 years' imprisonment. Former Governor Burke, of North Dakota, was foreman of the jury.

PACKERS PLEAD NOT GUILTY

Jersey City, March 11.—Former Senator William O. Edwards, representing the National Packing company Swift & Company, Armour & Company, and Morris & Company, entered a plea of not guilty today to charges of conspiracy in the court of common pleas here.

The only way you could get some fellows to the front would be to attack them in the rear.

T. L. DAVIES

Leader In Quality And Low Prices

One Price—Strictly Cash. 17 South Third St., Newark, O.

PERSONALS

Mrs. W. H. Martin of 425 East Main street is quite sick with congestion of the brain.

Misses Irma and Maria Watkins of Extra were visitors in Newark on Thursday.

Mrs. J. W. Monnett is spending the week with friends in Kirkersville and Millersport.

Mrs. A. A. Lowry of Oak street has gone to Zanesville for a few days' visit with relatives.

Miss Bertha Branner is confined to her home in North Fourth suffering with an attack of grippe.

Mrs. George Floyd is visiting her parents, Mr. and Mrs. M. A. Deighery, of Cambridge for a short time.

Mrs. A. H. Pierson returned home Friday afternoon from the west after a five months' trip around the world.

Mrs. Gertrude Wilson of Newry is spending a fortnight visiting with friends and relatives in and near the city.

Mrs. Bonds, Trace and Miss Sam McConnell of Buckingham street are visiting friends at Cambridge and Zanesville.

Miss Dora Lisle visited in Columbus on Wednesday and in the evening attended the concert given by the Pittsburgh orchestra.

Mrs. C. W. Miller of Hudson avenue spent Thursday visiting with her sisters, Mrs. Charles Courtier and Mrs. Albert Webb, of Pataskala.

L. S. Stecher of Massillon, vice president and general manager of the American Bottle Co., is in the city for a couple of days on business.

The many friends of Mr. D. R. Redman, of the candy booth, on the South Side of the Public Square, will regret to learn that he is confined to his home east of the city with sickness.

Frederick E. Roister, editor and publisher of the Elwood, Pa. Citizen, is transacting business in the city. He is greatly impressed with the energy and progressiveness of Newark and thinks it has a bright future before it.

Frank Gygi, who with his wife, has been visiting at the home of Mrs. Gygi's parents, Mr. and Mrs. Charles Allen, in Granville the past week, left on Wednesday for the south, where he will join the Birmingham baseball team, of which he is a member. Mrs. Gygi will remain here until the season opens, when she will join her husband in Birmingham, Ala.

AMUSEMENTS

ORPHEUM THEATRE.

An exceptionally pleasing vaudeville bill is being offered by the Orpheum theatre management the latter part of this week, and for those who really enjoy a refined show it is a pleasure and the only regret is when it is over.

Alle Bennett, a nice appearing young man, opens the show with an act entitled, "The American Boy in Blue," and as the title tells, deals with the life of a soldier. Mr. Bennett shows some of the regulations and gives all the bugle calls used.

He finishes his act with a clever recitation of a poem called "The Deserter." Rentfrow and Jansen have an original sketch, "The Second Mr. Fiddle," which deals with a young woman and a dummy, but in the course of events, Mr. Fiddle, a counterpart of the dummy, substitutes himself, and the result can only be amusement, and Rentfrow and Jansen are very clever in their work.

Marie Snowdon is a prettily young woman, but why she is billed as a banjoist can not be seen, for while she sings one song in which she accompanies herself on the banjo, her best feature is her too dancing, in which she is very clever. Miss Snowdon has a sweet voice and she has several good songs and her costuming is very pretty.

While all the preceding acts were very entertaining, the headliner is by far the most popular, showing Willie Hale and brother in juggling, tumbling and comedy. These two are by far the best entertainers in their line that have ever been seen at this theatre. Their juggling and tumbling are top class, but the work of one of the members of the duo on the ball brought forth storm of applause. They concluded the act with a delightful selection on the xylophone.

The moving picture film rises to the standard of the rest of the bill and is extremely interesting.

This show will be seen for the first time in the city.

CORSET GOSSIP From Paris

The slender, girlish figure, with just a hint of a curve at the waist line, will be the vogue for another year, at least. This is the edict of the famous Parisian Modistes. The present styles have become so popular that there is little doubt that they will continue for several seasons. It is impossible to acquire the long, slender figure unless you wear a

Properly Fitted Corset

If you attempt to try different corsets until you find the right one, you will waste time, money and patience before you get the proper garment.

Just wear a "Greek Maid." Then you will have the best from the very first. No matter what your size or figure, we can fit you perfectly.

We are always pleased to demonstrate and fit corsets, showing you the value of a strong construction and durability of "GREEK MAID" corsets.

WATER WORKS PROBE

John P. Lough

The water works of the city of Newark are being probed by the city engineer, John P. Lough, who has been appointed to the position of city engineer by the city council. Lough is a well-known engineer and has been in the service of the city for many years. He is now in charge of the water works and is expected to make a thorough investigation of the same. It is believed that there is a great deal of work to be done in the water works and that Lough will be able to bring them up to date.

NO HEARTBURN DYSPEPSIA OR SICK STOMACH

Indigestion, Gas, and All Stomach Misery Goes Five Minutes After Taking a Little Dispepsin.

Dispepsin is a powerful medicine for the cure of all stomach troubles. It is a natural product and is safe for all ages. It is the only medicine that will cure heartburn, dyspepsia, and sick stomach. It is also a good remedy for indigestion, gas, and all other stomach troubles. It is sold in small packets and is easy to take. It is the only medicine that will cure all stomach troubles in five minutes.

THE REMEDY FOR SORES AND ULCERS

S.S.S. FOR SORES AND ULCERS

There is but one way to cure an old sore or chronic ulcer, and that is to remove the cause that produces and keeps it open. No matter where located, any sore that remains until it becomes chronic does so because of impure blood; the circulation constantly discharges its poisoned matter into the place and it is impossible for nature to heal the sore. S.S.S. heals sores and ulcers by purifying the blood. It removes every trace of taint or impurity from the circulation, and thus completely does away with the cause. No local application reaches below the infected dead at the spot, and for this reason can have no curative effect on a sore or ulcer where such treatment is being used alone. The germs and impurities are constantly increasing in the blood and the sore is bound to grow worse. When S.S.S. has cleansed the blood and eradicated and purified the circulation, the place begins to take on a more healthy appearance, the different symptoms show improvement, the dead around the ulcer gets firm, new skin and tissues are formed, and aged by pure, rich blood, nature provides a perfect and lasting cure. Under the tonic and blood-purifying effects of S.S.S., the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be greatly benefited by its use. Book on Sores and Ulcers and any medical advice free to all who write.

CHIEF OF RAILROAD EMPLOYEES WHO VOTED FOR STRIKE

Chicago, March 11.—Railroads throughout the west, northwest and southwest are affected by the vote of the firemen and engineers on

switch engines to strike for higher wages and improved working conditions. At the head of the dissatisfied railroad employees is W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, and one of the best known labor leaders in America.

Common Pleas Court.

The case of William Carter, ex-convict, charged with the murder of John J. Dwyer, was tried in the common pleas court today and continued. Carter was charged with the murder of Dwyer, who was killed on the night of the 2nd inst. Carter was charged with the murder of Dwyer, who was killed on the night of the 2nd inst. Carter was charged with the murder of Dwyer, who was killed on the night of the 2nd inst.

Will Build New Bridge.

At the joint meeting of the Knox-Licking county commissioners held several days ago, it was decided to build a new bridge to take the place of the old Mitchell bridge, which was destroyed by the flood recently. The new bridge will be 90 feet long and will have a permanent floor. The Knox county board will build it and the Licking board will bear half the expense.

THE ONLY WAY TO CURE DISEASE

IS TO REMOVE THE CAUSE.

Indigestion causes 95 per cent of all diseases. When the food lies in the stomach too long it ferments or sours and forms gas which crowds the heart, lungs and nerves and causes such distress as heartburn, sour stomach, palpitation of the heart, bloating, pain and distress after eating. Not only this but the blood is made from the food, and this fermented food and forms a poison or uric acid which brings on such diseases as rheumatism, neuralgia, gout, sciatica, catarrh, kidney or liver trouble and all blood diseases. Dr. Jackson's Liver and Bowel Pills are the only cure for indigestion and its attendant evils, but they give instant relief to any form of indigestion.

T. K. Hamilton, M. D., Hamilton avenue, Columbus, O., says: "I suffered for five years from indigestion, bloating, at times would double up with pain, nothing helped with me, till I saw in the paper that had to do with Dr. Jackson's Liver and Bowel Pills cured me."

Sold by all druggists, or sent postpaid for 25c. Write to A. L. Jackson, M. D., president of The Jackson Medicine Co., Columbus, O., or Zanesville, O., for name, address, name genuine. Do not let the picture of Dr. Jackson on each box.

MAY REMODEL

Y. M. C. A. BUILDING

Reports of the activities of the Young Men's Christian Association of Newark, made to the Y. M. C. A. trustees at their meeting last night, showed a busy month of work. The association had a total attendance of 1,000, and a total of 100,000 in the various departments. The association had a total of 100,000 in the various departments. The association had a total of 100,000 in the various departments.

A feature of the meeting was the presentation of a report on the work of the association during the past year. The report was presented by the association's secretary, and was a most interesting and comprehensive one. It showed the work of the association in various departments, including the work of the association in the various departments. The report was presented by the association's secretary, and was a most interesting and comprehensive one.

POULTRY POINTERS.

By W. F. Seymour.

Feed and Feeding.

The object in feeding is to strengthen, furnish heat, supply waste which supplies new flesh, bone, muscle, etc. A balanced ration is one that contains ingredients to build up the system by supplying what is needed for waste—feed for eggs. You do not feed the same for eggs as you would for flesh, for in order to produce eggs, the body must be furnished with good circulation, for without good circulation, few eggs. In my experiments I am led to believe the dry mash is not the thing for varied fowls, but will do well when of free range, as they eat too much and then lay and do not exercise, as it is known that causes the hen to exercise, as soon as she has had an opportunity, she then eats a comfortable meal and lays around. The method I have found the most successful is mixed grain in the morning, scattered under the feet of litter and let the way, it leaves from the trough make a fine litter; the hen must be kept in a clean place and a handful of shelled or cracked corn at night for a few fowls. Then if you keep the hens clean, filled with crushed grain, shell, head of corn, meal, skinned, with a few shelled corn, and when you have a few shelled corn, you are ready to lay eggs. If you have a few shelled corn, you are ready to lay eggs. If you have a few shelled corn, you are ready to lay eggs.

ing vessels clean. I disinfected them in a solution of potassium and water, and then rinsed with clean water, which is better than boiling and less trouble. If there are any places in the runs that would hold water after a rain, fill them up. There is usually a case of cholera among your fowls that is not your own fault in some way. Do not feed soft feed to laying hens—it is not nature. A hen was intended to eat whole grains, not mush, corn and slop, and they are so constituted that their digestive organs need whole grains to work on, and by feeding the grain they get the benefit of it. Next week I will tell how to feed fowls for table use, how to rejuvenate an old hen and make the flesh as tender as a three-weeks broiler.

SORE THROAT

often leads to something worse. Gowan's Preparation gives quick relief for sore throat, bronchitis, croup, colds and pneumonia by destroying inflammation and congestion. Keep it in the home for emergencies. External and penetrating. \$1.00, 50c, 25c. All druggists.

Should shopping of Burt's Russian and Russian Preparation, a famous preparation, \$1.00, 50c, 25c. HERMANN'S, the CLOTHIER.

Free Remedy Cures a Life-long Constipation

There are many people who are afflicted with constipation, and who still suffer for them, but to those who are afflicted with constipation, there is a remedy that is a life-long cure. The remedy is a life-long cure for constipation, and it is a life-long cure for constipation. The remedy is a life-long cure for constipation, and it is a life-long cure for constipation. The remedy is a life-long cure for constipation, and it is a life-long cure for constipation.

SHAI & HILL Modern Dentists

Progressiveness is as necessary in dentistry as in other professions. Those who fail to keep step with progress must fall short in the service they offer at the same price we charge for up-to-date work.

The progress we make, however, is along rational lines, perfect safety and painlessness to the patient, maximum efficiency with minimum discomfort, these are the objects we constantly bear in mind and toward which we constantly strive.
